Quality Assurance Engineer with a Bachelor's degree in Informatics (GPA 3.78) and 1.5 years of experience at PT Bumi Amarta Teknologi (Amartek), specializing in projects like PostgreSQL Consulting for Pefindo and Regulatory Reporting for Permata Bank. Completed internships at Telkom Indonesia (1.5 years) and Binar Academy (4 months), with hands-on expertise in API testing, automation, web testing, and performance testing. Proficient in developing test plans, creating test scenarios, conducting database integrity checks, and using tools such as Selenium (Java), Postman, JIRA, Qase.io, Squash, and JMeter. Strong problem-solving, communication, and collaboration skills, eager to further contribute to the QA field.

Education

Telkom University – Bandung

Aug 2019 – Feb 2023

Bachelor in Informatics Engineering GPA : 3.78
